## Editor's Note

The following is a copy of the Wetlands and Coastal Primary Sand Dune Violation Procedures for the City of Norfolk Wetlands Board. Other wetlands boards may find this useful in their cities or counties.

### Wetlands and Coastal Primary Sand Dune Violation Procedures

- I. Violation observed or referral by Citizen or Governmental Agency
- II. Initial Site Inspection
  - A. Refer to city aerial photographs and topographic maps
  - B. Obtain measurements from ground reference points
  - C. Photograph violation
- III. Reinspection with VIMS Advisor
- IV. Action: No Violation Found
  - A. Notify property owner if fill material or equipment is adjacent to marsh or dune
  - B. Notify referral party or agency
- V. Action: Violation Found
  - A. Staff (Environmental Services) issues a notice to cease work
    1. Certified letter to property owner of record with return receipt. Remail certified letter if unclaimed.
    2. Include interim protective measures as recommended by VIMS Advisor (ex., straw bale barrier, sand fence).
    3. Direct violator to contact Environmental Services within seven (7) days to arrange a meeting on site.
  - B. Failure to comply, with notice to cease work
    1. Staff (Environmental Services) shall advise Chairman of the Wetlands Board. Special board meeting may be called as directed by Chairman.
    2. Board's attorney may immediately seek injunctive relief.
- VI. Site Meeting with Violator
  - A. Invite Corps, VMRC & VIMS representatives, as necessary
  - B. Determine the project purpose
  - C. Past filling or grading dates
  - D. Names of any contractors involved (notify them of notice to cease work)
  - E. Inform violator of permit requirements and regulations
- VII. Staff Investigation of Violation
  - A. Conduct a title search to verify ownership of property since 1972 (Wetlands) and 1980 (Dunes)
  - B. Determine approximate square footage of wetlands or dunes disturbed or displaced
    1. Refer to City aerials and topographic maps (1974), U. S. Army Corps of Engineers aerials (1979 and 1982) and VIMS shoreline assessment photographs.
    2. Perform soil borings, as necessary, with assistance from Board's Technical Advisor from VIMS.
  - C. Mail certified letter with return receipt to property owner
    1. Detail the extent of the violation
    2. Request property owner to appear before Board to show cause why they should not be held in violation of Wetlands/Dunes Ordinance
- VIII. Bring Matter Before Board at Next Scheduled Meeting
  - A. Staff presentation of violation
  - B. Staff recommendation:
    1. Require violator to submit an after-the-fact application.
    2. Direct restoration with Board ordering what corrective action is to be taken with a thirty (30) day time limit for compliance.
- IX. After-the-Fact Application
  - A. Follow prescribed notice and public hearing procedures
- X. Restoration Order
  - A. Board directs staff to prepare restoration order and forward to violator (certified mail-return receipt)
  - B. Non-compliance may result in appropriate legal action by Board's Staff Attorney
- XI. Reinspection of Site as Necessary

### This issues quote

*"The creeks overflow; a thousand rivulets run  
'Twixt the roots of the sod; the blades of the marsh grass stir;  
Passeth a hurrying sound of wings that westward whirr;  
Passeth, and all is still; and the currents cease to run;  
And the sea and the marsh are one.*

*How still the plains of the waters be!  
The tide is in his ecstasy.  
The tide is at his highest height-  
And it is night.*

*And now from the Vast of the Lord will the waters of sleep  
roll in on the souls of men,  
But who will reveal to our waking ken  
The forms that swim and the shapes that creep  
Under the waters of sleep?  
And I would I could know what swimmeth below when the tide comes in  
On the length and the breadth of the marvelous marshes of Glynn."*

(Sidney Lanier, excerpts from "The Marshes of Glynn", 1878)
