

Development of Mathews Digital Maritime Heritage and Water Trail Guide for the East River (773021)

Principal Investigator: Berman

Funding Agency: Mathews Maritime Foundation

Period: 1/01/10 – 9/30/10

Amount: \$5,000

The Mathews Maritime Heritage Trail is a partnership project initiated in January 2009 to preserve the valued coastal landscape, and tell the colorful history of Mathews County's nautical heritage. An interactive map interface was developed for the East River in Mathews to provide an opportunity for individuals on the water to learn about the historic maritime sites that can be viewed while navigating the river. The site is available to the public at this url:

http://ccrm.vims.edu/gis_data_maps/static_maps/mathews_watertrail/index.html.

NO FINAL REPORT WAS PREPARED FOR THIS PROJECT. Final product is a website which is located:

http://ccrm.vims.edu/gis_data_maps/static_maps/mathews_watertrail/index.html

FINAL DATA PRODUCTS USED TO DEVELOP THIS PROJECT ARE ARCHIVED IN THE PROJECT FOLDER:

ccrm\cci\math_watertrail
